Dear Mr. Weisberg,

I would like information on how to order the Whitewash series, Oswald in New Orleans, and Post Mortem: JFK Assassination Coverup Smashed. The first book I purchased on JFK's assassination was Case Closed. I later saw your book, Case Open. It is refreshing to me to know there are people who know the truth, so that those who don't can not contaminate unknowing minds. Thank you, Mr. Weisberg.
